FAIR AND WARMER TONIGHT

VOL. CXXXIII—No. 231.

ALEXANDRIA, VIRGINIA, WEDNESDAY, SEPTEMBER, 26, 1917.

PRICE ONE CENT.

BULLDOG ATTACKS MULE VIOLATING MAPP LAW

Causes Considerable Excitement on Princess Street, Between Fairfax and Lee, Yesterday Afternoon.

Many people were brought together on Princess street yesterday afternoon by an attack made by a bulldog, belonging to Rosa Moore, upon a mule attached to a wagon in charge of Cassius Williams, colored. The brute fastened its teeth into the face of the mule, and, despite efforts of a number of persons, retained its grip for fifteen or twenty minutes. When the dog eventually relaxed it held the face of the hybrid was found to be fearfully torn, much so that Doctor Garvey, veterinary surgeon, had to be summoned. The doctor took several stitches in the wound. The owner of the dog had in the meantime telephoned to Sergeant Wilkinson at the station house to send an officer to kill the dog. Officer Walker Campbell went to the scene and dispatched the brute.

Rosa Moore was cited to appear before the Police Court this morning to answer the charge of allowing a vicious dog to run at large. She appeared and announced her readiness to pay for surgical attendance necessary for the mule, and the dog having been killed, Justice Caton dismissed the woman.

Some people, for reasons best known to themselves, keep bulldogs as pets. These brute attack other dogs and tear them fearfully. They also attack passersby and sometimes children. It is said by those who make a study of the canine creation that bulldogs are degenerates, lacking the brain power and intelligence of other canines. They often attack their owners. They are dangerous pets to keep in a city.

Guard Lee Hall Reservoir.

Newport News, Va., Sept. 26.—General Grote Hutcheson, in charge of government activities here, yesterday announced that a large military guard has been placed on duty at the huge Lee Hall Reservoir, which supplies this city with the while peninsula with water. There had been no guard at the reservoir since the Virginia guardsmen were sent to Annapolis, and people in and near Newport News were becoming worried.

Reports of the presence of German spies and their probable activities near the reservoir created a great deal of concern in some quarters and the matter was called to General Hutcheson's attention a few weeks ago. He stated at that time that he already had made provision to have the reservoir adequately protected.

Finds Man in Her Room.

Baltimore, Sept. 26.—Is a hotel bound to hold a young woman safe in her room from the intrusion of a male guest who occupies an adjoining room?

This question may be raised in the suit brought against the Union Hotel Company, lessee of the Hotel Caswell, by Minnie N. Gross, who was a guest at the Caswell for a week or more, who alleges that she was aroused in the middle of the night and found a male intruder who came in from the next room.

She thought the door was locked, but it turned out that the bolt was not secure, and she alleges that the hotel had the means of finding out that it was not secure, and that she had no such means. She claims \$1,000 damages.

To Join War on Germany.

Buenos Aires, Sept. 26.—Declaration of war against Germany is expected by Uruguay when the Congress of that nation meets in special session Saturday, says a report reaching here from Montevideo. The Congress has been called as a result of the action of Argentina in voting yesterday to sever diplomatic relations with Germany. A number of German ships have already been seized by the Uruguayan government, and a rupture has been expected.

The Argentine government has not determined on a policy toward Germany. A decision will be withheld until communication has been had with Ambassador Naon, at Washington, where 415 telegrams received or sent by the Swedish legation here, have been sent for translation.

Salt Water and Potomac Oysters, J. Brill, No. 2, King street. Phone 307J.

Negro, Having Three Pints of Whisky in His Possession, Sent on to the Grand Jury.

Officers Reed and Zell yesterday intercepted John Hopkins, colored, as he left an electric train at King and Royal streets and relieved him of three pint bottles of whisky. Hopkins was brought before the Police Court this morning to answer the charge of violating the prohibition law. The accused said he transported what he supposed was an innocent package for another party, and had no suspicion that he was carrying liquor. He was held for the action of the grand jury.

Rosa Moore, charged with allowing a vicious dog to run at large, was dismissed, the dog having been killed and she consenting to pay damage to a mule belonging to Cassius Williams, colored.

John Tucker, colored, had been arrested at the instance of Lavinia Johnson, his mother-in-law, whom he had assaulted. The woman bore a wound on her left eye. Tucker's wife alleged that the trouble started when her husband demanded meat, but had refused to give her money to buy the same. He was fined \$10.

Joseph Wheeler, another negro, was charged with invading the premises of Lizzie Ford, colored, and stealing corn. Wheeler, in his defense, said a man, who bore a fishing tackle, asked him to enter the field and get him several eels which he desired to use as a bait. He supposed the field belonged to the man. It was shown that Wheeler had pulled two or three eels, and he was ordered to pay for the same.

Warner Johnson, colored, charged with assaulting a colored boy named Milton Tabbs with a bottle. Johnson claimed that a number of boys had insulted him while he had charge of a wagon in the extreme northeastern section of the city, because he would not allow them on the vehicle, and he threw a bottle at them. He was fined \$1.

UNITED STATES COURT.

Several Cases, to be Tried During the Present Week.

No business as transacted in the United States District Court today. Cases were set for trial during the week.

The cases of the two white men named Raymond H. Swartzbaugh and Harland Palmer, held in jail here in connection with the killing of a guard at the District workhouse, at Occoquan, who with three others are to be tried, was continued at the request of government, until January 9 by Judge Edmund Waddill.

The two men held will be represented by Dudley Field Malone, former collector of the port of New York, who has retained Attorneys J. K. M. Norton and S. G. Brent as local counsel.

MITCHELL'S LEAD CUT TO 252.

Gain in Three Assembly Districts of 83 Votes for Former State Senator Bennett.

New York, Sept. 26.—Inspection of the ballots cast in the Republican primary here last Wednesday, last night showed a gain in three assembly districts of eighty three votes for former State Senator William M. Bennett over Mayor John Purroy Mitchell for the Republican nomination for Mayor. The ballots cast in fifty-nine other assembly districts in the city are yet to be inspected.

It appears that the Mayor's lead now has been cut to 252 votes. The returns compiled today after election gave him a lead of 1,119 votes, which revised returns from day to day have gradually diminished.

McCALL RENOMINATED

Wins for Governor in Republican Primary in Massachusetts by Heavy Plurality.

Boston, Sept. 26.—Governor Samuel W. McCall was renominated at the Republican primaries yesterday by a heavy plurality over Grafton D. Cushing. Approximately one-half the vote of the State, including Boston, at 11 o'clock showed: McCall, 30,913; Cushing, 8,836.

Early returns indicated that W. W. Lufkin had won the Republican nomination in the Sixth Congressional District for the seat made vacant by the resignation of Augustus P. Gardner, who joined the colors.

Alexandria City and Suburbs

Miss Fannie Herbert left this morning for New York City.

Miss Ruth Birch Deahl left yesterday for Harrisonburg State Normal School.

Mrs. Emma E. McCuen and Walter Moore, of Norfolk, Va., are visiting Mrs. O. H. Hulling, 109 south Patrick street.

J. V. Raison brought to this office yesterday a cucumber grown at his home in New Alexandria, which was 12 1-8 inches long and 4 1-2 inches in diameter.

Depew T. Chauncey, son of Mr. and Mrs. Thomas Chauncey of this city, who has been employed in the census office at Washington for the past four years, has been appointed field clerk in the United States army.

The promising football team of Alexandria High School was defeated by the Eastern High School eleven of Washington on the Rosedale grounds yesterday by the score of 14 to 6. Rowen and Dreifus made the gains through the lines, while the latter scored the lone touchdown with one of his usual long runs.

A letter received today from Capt. A. Lenox Uhler at Camp Gordon, says he has been placed in command of Company H, 325th regiment, with six officers and 150 men, which may be increased to 250 men under the new organization. The camp is pleasantly located 13 miles north of Atlanta, Ga., on Southern Railway.

Dr. D. Wilton H. Milstead of Alexandria, but recently of East St. Louis, Ill., and Miss Calista E. Galoway, of that city, were married Monday, Sept. 10th, by the Rev. Edwards of the Presbyterian church. Dr. Milstead is a first lieutenant in the Dental corps of the officers' reserve, and has been called to Camp Pike, Little Rock, Arkansas, for active duty.

W. C. T. U. CONVENTION OPENS

More Than 200 Delegates Attend First Session—Accomplishment of Union Are Reviewed.

Charlottesville, Va., Sept. 24.—The thirty fifth convention of the Women's Christian Temperance Union of Virginia opened yesterday with Mrs. Howard M. Hoge presiding, and over 200 delegates in attendance.

Mrs. Lillian A. Shepherd, vice president and corresponding secretary, declared that the whole world knows that America is going dry. The dry area, she said, now comprises nearly 90 per cent of the entire country. Her review of the year's work showed a total active membership of 7,860; number of counties with unions, sixty three; money expended for all purposes, over \$11,000.

Miss Amelia F. Colgan, of Fortress Monroe, stated that hundreds of comfort bags, sent by her union members, had been given in person to soldiers and sailors departing for France.

A total of seventy eight participated in the march of the local presidents at the afternoon session.

Promise of Early Agreement.

Cork, Ireland, Sept. 26.—That an early and peaceable settlement of all matters before the Irish convention, which reassembled here yesterday, is looked for, was indicated in addresses by leaders at the initial session.

Trouble which was expected from Sinn Feiners failed to materialize, and it was learned that John MacNeill and Arthur Griffiths, Sinn Fein leaders, had urged their followers to follow the example of their Dublin comrades and let the convention alone.

Several days will be spent by the ninety accredited delegates in visiting various points of interest and attending social functions arranged for them.

In the meantime a number of schemes are being formulated, to be laid before a grand committee, which in turn will transmit them with recommendations to the convention proper.

All speakers at the present sitting have been guarded in their remarks.

Trout, Norfolk spots and halibut on sale tomorrow and the rest of the week. GEO. E. PRICE & CO., city market.

Professor L. W. Reid and wife left today for Haverford, Pa.

Miss Josephine Persells, of Kansas City, Mo., has arrived here to join her sister, Miss Genevieve H. Persells, who has been residing with her aunt, Mrs. W. H. Reed, of 516 north Washington street.

The board of lady managers of the Alexandria hospital wish to extend their thanks to florists Ponnet, Loosee and Grillbortzer for the beautiful ferns and palms donated to the rest room of the hospital.

Old Dominion Commandery No. 11, Knights Templar, will have its annual inspection in the Temple this evening at 8 o'clock. R. E. Sir I. T. Houck, of Staunton, will be the inspecting officer. H. E. Sir William Lee Davis, Grand Commander of Virginia, is expected to be present.

It is expected that the city school board will appoint, within a few days, a successor to W. W. Arbuckle who has resigned his position as teacher of mathematics in the Alexandria High school to accept a similar position in Sidwell's Friends' school in Washington. Mr. Arbuckle recently came here from Lewisburg, West Virginia.

Much difficulty is being experienced by the captains of steamboats and other craft on the Potomac in securing a sufficient number of men to do the work on the boats. Some of the boats have only half enough deck hands and as a consequence so much time is taken up in loading and unloading freight that often the boats are from two to three hours late in making their regular trips. The demand for labor at the various training camps is said to account for the shortage of men on the river, many of them having gone to the camps owing to the larger wages paid there. Some of the steamers have been detained at the Alexandria wharves for two hours at a time.

GAS IN SINK KILLS TWO.

Men Brought From Bottom With Difficulty, and Others Overcome. Allentown, Pa., Sept. 26.—George Fenstermacher, aged 35, a widower, and Calvin Neitz, 40, married, and having six children, died 15 minutes apart at the Allentown Hospital, yesterday evening, as the result of asphyxiation from gas while digging a sink this afternoon in the western section of the city.

Half a dozen other persons, including several policemen, were overcome while attempting to rescue the men and were unconscious for over an hour.

Neitz, who began work only yesterday morning, was first overcome. When Fenstermacher was lowered to the bottom of the 25 foot sink he met the same experience. Hoisted to the top, he fell back when the rope slipped, landing on the unconscious form of his fellow workman. More than a dozen policemen, members of the Army Camp on the Fair Grounds and others tried to rescue the men, but it was not until the foul air was pumped out of the sink that the victims were brought to the surface living three hours later.

RECEIVE DEATH NOTES.

Anonymous Writers Believed to In Members, and Cranks.

Washington, Sept. 26.—Threats of death have been received in large numbers during the past few days by Congressman and Senators who have been especially active in pushing war legislation.

Anonymous writers, believed to include pro-Germans, zealous pacifists, anti-draft advocates, I. W. W. members, and plain cranks, are promising to kill all Senators who have to do with measures relating to the war.

Siam Will Fight in France.

London, Sept. 26.—Volunteers for service on the western front have been called by the Siamese government, according to a Reuters dispatch. The proposed new army will be commanded by officers trained in Belgium. A prize court, says the dispatch, has condemned six German steamers, having a net total of 8,020 tons. Shortly after the entry of Siam into the war on July 22 nine Austro German steamers with an aggregate of 19,000 tons, were seized.

An effort is being made to secure at least 64 men to join Company C, Alexandria Home Guards, who will take the prescribed oath necessary in order that the company may be properly recognized by the State government and supplied with rifles for service when needed. Circular letters are being sent out today by Captain Coehran with the hope of securing the required number.

The Baltimore Sub of this morning contained the following item: "Edward D. Booz, of Booz Brothers, shipbuilders, has sold the steamer Atlantic to the Washington Steel and Ordnance Company, which has a plant on the Potomac shore of Maryland, below Washington. The Atlantic is to be used for carrying workmen from Alexandria and Washington to the works and in the meantime she is being employed by the Government."

The Alexandria city and county draft board has received the following order from Governor Stuart, through Adjutant General W. M. Sale, Richmond: "You will at once proceed to forward to Camp Lee white men heretofore certified to you by the District Board as available for duty and white men heretofore so certified to you by the District Board until all white men included within the quota for your board have been sent. The District Board has been requested to expedite its decisions and it is probable that if not already received by you its final list will be in your hands in a few days. Colored men will not be sent to camp at present. This does not mean that a single white man will take the place of any colored man. When you receive the lists from the District Board, if any exemptions appear, call a white man for each man exempted in regular order, sending to camp the white men as soon as legally available, and retaining colored men until further orders."

FOUR MORE TO OCCOQUAN

Sentenced to Thirty Days, When They Promise to Stop Picketing at White House.

Washington, Sept. 26.—Four more militant suffragist pickets went down to Occoquan today to "serve time" for the cause.

They were convicted yesterday of "carrying the banner" in front of the White House. Judge Mulloney told them that if they would not promise to stop picketing it would be as usual—\$25 or thirty days in jail. The suffragists said it was jail.

The new "martyrs" are Mrs. Margaret Wood Kessler, of Denver; Mrs. P. O. John, of St. Louis, and Miss Ernestine Hara, and Miss Nina Blumberg, of New York.

Calls For Reprisals.

London, Sept. 26.—The Daily Mail, in an editorial commenting on last night's air raid, calls for reprisals saying: "The British people would view these attacks with entire indifference if they knew that every one of them was followed by an attack in which twice the weight of bombs dropped here was showered on German towns. Let's hit the Germans; hit them hard."

Mme. Petrova Tonight at the Richmond.

The old and very wise proverb about Satan, and his habit of finding mischief for idle hands to do, is the basis for Madame Petrova's most recent Paramount picture, "Exile" in which she will appear at the Richmond Theatre tonight. Dealing with a little band of ex-patriated Americans in an Asiatic colony, and including besides its thrilling and very dramatic love theme, an up-to-date romance of politics and romance, "Exile" has furnished Madame Petrova with one of the cleverest vehicles of her entire career. This is a Paramount photoplay and was directed by Maurice Tourneur, the famous French director.

The bugler, a prisoner in the hands of the enemy, was ordered with his life the rewards, to sound the "retreat" that his comrades, giving battle within sound of his bugle-calls, might hear—but the brave boy sounded, instead, the "charge," and defeat was turned into glorious victory. On this incident hinges the patriotic appeal of "The Bugler of Algiers," a Bluebird photoplay to be exhibited at the Surprise theatre tonight.

BIG AIR SHIP RETURNS WILL NOT SEIZE FOODS

Captain Resnati Passes Over Alexandria This Morning Enroute Back to Newport News With Several Passengers.

Captain Resnati, the famous Italian aviator, who came up to Washington last Saturday in the big Caproni aeroplane, carrying ten passengers, started on the return trip to Newport News this morning. The air ship passed over this city on its way south at ten minutes to 11 o'clock. It is estimated to have been anywhere from three to five thousand feet high and was, apparently, following the course of the Potomac river.

The aeroplane is equipped with three engines having a total of 525-horse-power. The right wing of the plane was damaged in making the landing at Washington on Saturday but was repaired yesterday by Italian mechanics who were brought up from Langley field near Newport News.

Large numbers of people in the city saw the air ship as it was going over Alexandria this morning and while some remarked that they would like to be in it others shook their heads and said they preferred to walk for a while yet.

NO SEPARATE PEACE.

France and England Send Assurance To Russia.

Petrograd, Sept. 26.—Addressing the Soldiers' and Workmen's delegates today, General Verkhovsky, Minister of War, said Russia Monday received formal assurances from France and Great Britain that they would not conclude a separate peace to the detriment of Russia.

The assurances were in response to reports current in Russia that efforts were under way to conclude peace at the expense of this country. Michael Rodzianko, president of the Duma, said in an address in Moscow Sunday that the Germans had such a plan on foot and expressed confidence that Russia's allies would reject it.

TARGET FOR RAIDERS.

Hostile Aircraft Apparently Make Two Attempts to Reach British Capital.

London, Sept. 26.—Another hostile airplane raid on London took place last night. There were two attacks apparently, for after a 40 minutes' quiet interval anti-aircraft guns resumed firing in the London district.

In the first attack, after brisk firing by the defensive guns, lasting only 10 minutes, the raiders were driven off without succeeding in reaching the city of London.

London, Sept. 26.—Fifteen persons were killed and 70 injured in Monday's night's air raid over London. Only two planes penetrated the cities defenses, it is announced.

NO BAIL FOR MEANS.

Held For Court on Charge of Killing Mrs. King.

Concord, N. C., Sept. 26.—Gaston B. Means was held last night in the Cabarrus County Jail without bail to await the action of the Grand Jury at the October term of the Superior Court, on a warrant charging him with the murder of Mrs. Maude A. King, the wealthy Chicago widow mysteriously killed at Blackwelder Spring on the night of August 29. The grand jury will meet October 29.

To the Owners of Dogs.

The General laws of the city makes it the duty of the Mayor to give public notice to the owner of dogs to procure a license for each dog owned or harbored. This license is payable to the Auditor on or before the first day of July in each year. My attention has been called to the small number of applicants this year, several hundred less than in prior years, notwithstanding the addition to our corporate lines. This makes plain the fact of a deliberate intention upon the part of many to evade the payment of this license. I hereby notify all such persons to come forward on or before October 5th, next, and secure the necessary license. I will require the police force to report to the Police Court all delinquents, in order that such be fined as the laws requires. It is my purpose, in so far as I can, to relentlessly follow those who are willing to have others pay and themselves remain part of a citizenship most termed "slackers."

THOMAS A. FISHER, Mayor.

Report That the Government Will Seize Canned Foods Emphatically Denied by Officials.

Blacksburg, Va., Sept. 26.—There is absolutely no truth in a widely circulated statement that the Government expects to take food supplies from any family. The Food Administration and the U. S. Department of Agriculture join with the Extension Division of the Virginia Polytechnic Institute in an emphatic denial of the report that the Government intends to take from every family all canned goods put up in excess of 100 quarts.

This is only one of the variations of the rumor. Another statement is that the Government has been urging the canning, drying, and preserving of fruits and vegetables, so that they will be in a convenient form for the Government to handle and transport when it takes them away from the people. Further elaboration is that these goods are to be taken away from the American homes and shipped to England.

The circulation of this report seems to be a part of a deliberate propaganda on the part of those unfriendly to the Government and is being used in a most unscrupulous manner. Instances are known, though possibly not in Virginia, where persons claiming to be representatives of the U. S. Department have called at homes in the country and carried off canned goods, leaving the family a small quantity. These people are simply fakers and any one receiving a visit from them should at once summon an officer of the law.

The Extension Division wishes to state very positively that no such course has ever been contemplated by the National or State Government. On the contrary, housewives are urged to can and preserve, especially at this time, all fruit and vegetables possible in order that the households themselves may have a cheap and plentiful supply of food.

FRIGHTFULNESS IN AFRICA

Germans Force British Captives to Undergo Many Hardships.

London, Sept. 26.—Details concerning the treatment by the Germans of British prisoners in German East Africa are contained in a White Paper just issued. The paper contains a mass of testimony recited by prisoners and others, including a number of women, to the effect that the Germans deliberately adopted a policy to lower the prestige of the British in the eyes of the natives, forcing them to do all manner of degrading work and subjecting them to terrible hardships without proper food, clothing and shelter.

Bed line nwas offered to the prisoners, but they were forced to lodge in native huts, which were damp, and all became ill. The commandant, according to the testimony, declared that the prisoners had no rights and that anything was good enough for the British.

SEIZED A GERMAN WRITER.

Correspondent With Trunk Full of Papers Held for Investigation.

Wichita, Kan., Sept. 26.—George Barthelome, 48 years old, former correspondent at Washington, D. C., for the Cologne Gazette, is held here yesterday for investigation by Federal authorities. A trunk which he had sent to the station for shipment contained about 200 pounds of Congressional Records, check stubs and other papers. Some of the speeches of Senator LaFollette were marked in the Congressional Record.

"These speeches were marked," says Barthelome, "just as a newspaper man would mark any record for reference. It was for no other use. Other speeches are marked besides those by LaFollette."

Barthelome has been in Wichita four weeks. Federal authorities arrested him on the charge of having been within a half-mile of the National Guard camp in this city without a permit.

Dance and glass opening on and after September 26th, 1917, there will be a dance given every Wednesday evening in the Elks' auditorium. Instructions from 7:40 to 8:30. General admission from 8:30 to 11:30. Admission 50 cents, including lesson and dance. Ladies free after 8:30. Admission by card only. Instructions by Miss Virginia Ale and assistants.

PUBLISHED EVERY AFTERNOON.
Except Sunday.

General Manager.
Entered at the Postoffice at Alexan-
dria, Virginia as second class matter.

PRACTICAL DIPLOMACY.

German publicists and newspapers have always laid stress upon the success of what they call the "practical diplomacy" of their country. As a contemporary says, it was this style of diplomacy that brought Turkey and Bulgaria into the war on the side of the Central Powers. Practical Teutonic methods led King Constantine of Greece to ignore the constitution of his country and to seek to establish an autocratic regime, unchecked by a national parliament. Diplomacy of this fashion has lately been revealed in Germany's dealings with Sweden and Argentina.

Secretary Lansing's revelations have disclosed the secret of much of this direct-action style of handling foreign affairs. Cash seems to be the basis of it, backing up an utter lack of those scruples which are supposed to restrain honest men in their daily life. Where Germany's interests were concerned her diplomatic representatives seem to have acted on the principle that the State is above all moral considerations, and that success justifies any means used. In its propaganda in this country Germany is said to have expended \$25,000,000, largely in this fashion of buying up those who wanted to be purchased. In view of the magnitude of the sum the result seems insignificant.

This will be the honest judgment of all Americans, straight or hyphenated. The Staats-Zeitung, of New York, the leading German newspaper of the United States, put the matter correctly when it says, speaking of Secretary Lansing's revelations:

"The disclosures, though only part could be proved beyond doubt, also call forth the question: And of what use was all the so-called 'propaganda'?" Has it not mostly caused harm? Is it not perchance a fact that the German diplomats played a phenomenally bad card in selecting for their task, men whose influence was nil and whose pockets were empty?"

Perhaps there is such a thing as being too practical. Even in diplomacy a little straightforward honesty is not a bad thing. So at least Americans have learned. After the war Germany will be given an opportunity to make radical changes in her diplomatic methods.

INCORRIGIBLE PICKETS.

Representative Hersey of Maine declared in a speech on the floor of congress that it was the suffrage pickets in Washington who defeated the suffrage cause in the recent Maine election. There were 75,000 men in Maine, said Mr. Hersey, who favored woman suffrage and yet stayed away from the polls, as a rebuke for the flagrant and continuous "insult to the president" offered by the banner-bearers around the White House.

There must be a good deal of truth in that statement. Certainly no other satisfactory explanation has been offered. The forces openly favoring suffrage in Maine seemed strong enough to put it over. Both of the big parties had declared for it, and so had the state grange, representing the big farmer population. And yet the women lost.

Still those incorrigible militants at Washington keep up their pernicious work. There are other state suffrage elections coming on this fall. Do the women want to lose them, too?

KAISER'S CHANGE OF FRONT.

The Philadelphia Record calls attention to the well-known fact that the Kaiser has been the one insurmountable obstacle to all the efforts of the last 30 years to limit armaments and to substitute arbitration for war. But the pious Wilhelm rolls up his eyes to heaven as he assures the Pope that no object is dearer to his heart than the reduction of arma-

ments—now that he has found how strong other nations' armaments are—and the substitution for war of the arbitration at which his envoys to the Hague Conferences turned up their noses.

When Wilhelm believed himself the most powerful man in the world his faith in the mailed fist and the shining armor and the rattling sabre was complete. Now that he has been disillusioned he is warmly in favor of ethics.

ALL GERMANY STARVING.

A letter was sent to the Baltimore Sun recently by an intelligent Dane who is connected with a leading investment banking house of Baltimore and New York, to the head of the firm. This Dane recently made the trip to his own country in its interest. He was asked to give his impressions of conditions abroad as he saw them at first hand. His letter, which is clear and concise, his observations having been so attentive as to make them worth considering, reads in part as follows:

One thing only is certain that Germany is starving desperately and approaching its dissolution. There is no question Germany starves—that is, the civil population. The army still gets, if not enough, by far more than the families who have no sons or a father in the army. These families are considered a burden, and if not actually starved to death, they are instant victims of the slightest disease. The country is therefore swept by epidemics causing a very high mortality in spite of often tremendous efforts, and, furthermore, abnormally few children are being born. Infanticide is not punished, I have been told. The soldiers on leave do not go home for their vacation, because they do not want to see their dead or dying children, and there are many cases where the soldier-husband not only allows but encourages his wife to earn money the easiest way. This has brought the most frightful epidemics and absolute demoralization to the society.

It seems unbelievable that the civil population does not revolt; but they have neither the initiative nor weapon. The only hope for an early peace is, in my opinion, a military revolt or assassination of the Emperor.

The following incident is trivial, but significant: A Danish lady heard the Crown Prince called a lousy lad in a trolley the other day in Berlin. Four years ago its originator would have gone to many years of imprisonment for that remark. Now nobody made any trouble at all. The Crown Prince used to be the idol and semi-god of the Junkers.

The Germans can starve perhaps for another year now they have got the new crops but the fertility of the soil is naturally giving out when the soil is not tilled any more. There is not sufficient labor available nor horses, and I am told they do no ploughing, just harrow the surface of the fields.

One thing seems to be a fact that after February, 1918, no more woolen clothes can be had, due to the lack of wool. This is said officially by a leading textile manufacturer in the Berlin papers, and that may bring peace. I have known for months that they were making clothes and even harness out of paper, but I imagine all pulp available is used for the manufacture of nitrocellulose (gun cotton).

The civil population exists on beet, but this causes certain diseases due to lack of variation in food. I know from absolutely reliable source how each family was allowed to make soup from the same beet; two hours was the time allowed, then they had to give the bones to the next family.

RIFLES ARE ISSUED TROOPS

Krag Type Being Used for Training But Fighting Will be Done With Springfield.

Camp Lee, Va., Sept. 26.—The second step in the military instruction of the National Army men of the Eightieth Division who are under training at Camp Lee was prepared termaster issued rifles to the infantry commands in the cantonment. These arms will be used for training only, and are of the Krag type. When the troops are sent abroad they will be supplied with the Springfield rifles, it was stated.

Machine guns and artillery pieces which will be used for training the men assigned to those branches will be received at the camp in a short time, when they will be issued. In no case will the ordnance be sufficient to furnish each infantryman with a rifle, or the machine-gun companies or artillery batteries with full equipment. Just enough will be distributed as will enable each command to receive needed preliminary instruction in the handling of arms and field pieces.

Up to this time the training has been without arms, the drills being confined to the rudiments of military practices. Such rapid progress has been made with this that it was decided to take up training with real arms, at once. Beginning tomorrow morning, the infantry regiments will be seen on the parade grounds for the first time going through their country today. That means that

paces with rifles. From now on the instruction of the men will be pushed vigorously.

It was also announced today that on Thursday morning clothing will be issued to the men, and within a few days all of them will be completely uniformed.

STRIKE IN NORFOLK.

Navy Yard Activities Entirely Suspended in Several Departments, and 4,100 Men Out.

Norfolk, Va., Sept. 26.—With 4,100 men, representing a score of crafts, out, after having declined to accept the new wage scale promulgated by the National Wage Commission, posted last Saturday, and with work greatly impeded or entirely suspended in several departments, the tense situation at the Norfolk Navy Yard continued yesterday.

Labor leaders are confident that the men will stand firm, and that the trouble will spread unless their demands are met. Navy officials, while less communicative last night, hope that matters will be quickly adjusted and that the men will at once return to work.

Yard officials and government agents are in close touch with Washington as they negotiate with union leaders in the hope of reaching an agreement. As yet none of the mediators said to have been named in Washington have arrived on the scene.

KAISER DENOUNCES KING

Says God Has Sealed Fate of Faithless Hohenzollern.

Amsterdam, Sept. 26.—The German emperor, in addressing the veterans of the 1916 campaign in Roumania on Saturday, according to a report received here from Berlin, spoke of the Hohenzollern who had succeeded a great and noble prince and, notwithstanding all traditions, did not know how to keep the faith. Emperor William also described King Ferdinand, of Roumania (a member of the house of Hohenzollern) as "the renegade who at the time when Germany was engaged in a terrible war, joined the enemies of the empire."

The emperor spoke of the "eternal miracle of German strength," which had been brilliantly proved in fact, adding:

"Indeed the avenging hand of the Judge above us has sealed the fate of this ruthless former friend. What the Lord of Hosts may still have in store, we do not know, but, come what may, we are able confidently to look the world in the face. We did not will this war, and if it be prolonged, it is not our fault."

FRENCH AIR HERO DEAD.

Capt. George Guynemer Lost in Reconnoiter in Flanders.

Paris, Sept. 26.—Capt. George Guynemer, the famous French aviator, is believed to be dead.

Captain Guynemer is thought to have been killed during a reconnaissance flight over Flanders on which he left Dunkirk Sept. 11. Nothing has been heard of him since and it was assumed that he had been lost, but not until last night did army headquarters issue a confirmatory report.

Captain Guynemer, who attained world wide fame by his exploits, was perhaps the most brilliant aviator of the war. He was last cited in the official French announcement of September 10 for having won his fiftieth aerial victory. An unofficial press dispatch a few days earlier said he had accounted for 52 enemy machines. He was 21 year old.

WHAT ITS COST DAILY.

Uncle Sam to Pay \$800,000 per Day to Board Soldiers According to Estimate Just Made.

War has made Uncle Sam the biggest buyer of food in this country and the board bill for his soldiers will be at least \$800,000 per day, said Charles Lathrop Pack, president of the National Emergency Food Garden Commission, a few days ago. Continuing, he said:

"We are to have two million men under arms shortly according to the best reports. At forty cents a day it will be seen what that means. True, these men ate before becoming soldiers to make the world safe for Democracy. They doubtless ate more than forty cents worth daily which Uncle Sam figures is the cost per man. But you must remember that these men have suddenly become non producers and they must be fed. The army is making great plans for foodstuffs at each camp is \$125,000, and there are 33 camps in the first time going through their country today. That means that

NEWS NOTES FROM DEL RAY AND ST. ELMO

Del Ray, Sept. 26.—Julius Smith arrived at the home of his parents, Mr. and Mrs. John R. Smith in Del Ray yesterday morning suffering from a stroke of paralysis in his right side. He was in West Philadelphia where he lives with his wife and child when he was stricken early Monday morning, and later in the day wanting to get to his mother in Del Ray, he took the risk of traveling, unattended, and against all advice, but today seems to be no worse for the trip and his physician says that he has a good chance for recovery.

food valued at \$4,125,000 is taken out of the regular channels of trade. These figures give but an idea of the need of food conservation on the part of the individual at this time. The National Emergency Food Garden Commission urges every soldier of the soil to at once promote himself to a Colonel of Conservation and store and can food as never, before. "Germany reports that its war gardens produced more this year than any year since the war started. This shows the value of experience. We have had one years experience and have raised \$350,000,000 worth of produce in our war gardens. Next year we will do even better. We will then have more war gardens and the average product of each will be larger. Housewives of this country this year have preserved and canned at least 400,000,000 jars of vegetables and fruits. Next year profiting by their experience of this year they will can, I believe, millions more, and more, will be needed, for I wish to emphasize now the fact that there will be a greater demand for food exportation next year than there has ever been before, and we must fill this demand."

VIRGINIA NEWS

The present term of court at Hanover Courthouse has been marked by an unprecedented number of rape charges. A negro, John Brown, was yesterday sentenced to eighteen years in the penitentiary for an attempted criminal assault on a young white woman in Henry district. The crime was committed in August.

Damage estimated at approximately \$70,000 was caused by fire that was discovered at 10:20 o'clock Monday morning in the third floor of the stables and storage house of the Virginia Horse and Mule corporation, in Norfolk. Sixty new Overland automobiles, stored in the building for the Overland factory, forty wagons and ten carriages were badly damaged. Sixty horses, in stalls on the second floor, were safely left from the building. The damage is covered for the most part by insurance.

In the county clerk's office at Gate City yesterday, Marion Stapleton shot Fred Agnor through the right shoulder with a 41 caliber Derringer re-

PUBLIC SALE.

Of Large Boat and Club House.

By Samuel H. Lunt, Auctioneer. By virtue of a decree of the Circuit Court of the City of Alexandria, Virginia, entered at the September Term, 1917, in the Chancery cause therein depending of Clarke and Winston Co., Inc., who sues etc., Complainants, against Alexandria Motor Boat Club, Inc., Defendant, the undersigned Special Commissioners of Sale were therein ordered to expose for sale, at public auction in front of the Royal street entrance to the Market House, in the City of Alexandria, Virginia, defendant's Large Boat house and chattels, located near the plant of the Alexandria County Lighting Company, Alexandria City, Virginia.

Therefore in pursuance of said decree the undersigned Special Commissioners of Sale will expose to bidder said large boat house and chattels, on TUESDAY, October 9th, 1917, at 12 M., in front of the Royal Street entrance to the Market Building, Alexandria, Virginia, being described as follows, to-wit:

The boat house on the west bank of the Potomac River belonging to defendant, south-east of the plant of the Alexandria County Lighting Company, and the personal property of defendant therein.

Terms—Cash—or one third cash and balance in 2 equal instalments at 6 and 12 months, secured by reserved title or trust deed. Conveyancing to be at cost of purchaser.

WALTER U. VARNEY, LEO P. HARLOW, ROBINSON MONSIEUR, Special Commissioners of Sale.

In the Clerk's Office of the Circuit Court of Alexandria City, Virginia, September Term, 1917.

I, Nevell S. Greenaway, Clerk of aforesaid Court, do certify that Robinson Monsieure, one of the above said Special Commissioners of Sale, has duly given bond as provided by law and decree entered in above named cause with Y. United States Fidelity and Guaranty Co., as his surety, for the due performance of his duties as such.

NEVELL S. GREENAWAY, Clerk.

John Gray, who has been quite ill at his home in Del Ray, is reported much better.

Mrs. C. E. Leffew, of Atlanta, Ga., is visiting Mrs. Benton Chinn. Mrs. M. M. Bailey, of Front Royal, is also on a visit to Mrs. Chinn.

Mrs. S. J. Irby, of La Verne avenue, St. Elmo, is considered to be improving from the attack of pneumonia from which she has been suffering.

volver, making a severe wound. The men were quarreling over a road case being considered by the supervisors. Stapleton claims that Agnor ran his hand into his pocket as if to draw a weapon. He gave bond for his appearance at court. Stapleton is a son in law of Mrs. Patrick Hagan, by her first marriage.

Three children were injured, a score knocked down and hundreds became panic stricken at Ronoke when an airplane, out of control, sped over the ground at the fair yesterday. The machine was wrecked. The aviator was running the flying machine over the ground preparatory to a flight. Losing control, it swerved, plunging into and over the crowd, smashing into fireworks poles and tearing them down before the motor was cut off.

BELGIANS PUT TO DEATH

About Thirty Residents of Ghent Executed on Charges of Espionage.

Amsterdam, Sept. 26.—Advices have been received from the frontier by the Telegraaf to the effect that about thirty residents of Ghent Belgium, have been put to death in the last three weeks on charges of espionage.

WOULD REFORM CHURCH

Many Southern Methodists Favor
Proposed Changes.

Intense interest is being taken by
Southern Methodists in the move-
ment to reform the church in a very
radical, and to some minds revolu-
tionary, manner. The plan has the
support of some leading laymen of
the Baltimore Conference and the
strong opposition of others, and its
advocates will gather in Chattanooga,
Tenn., late this week to launch a de-
finite campaign for the proposed re-
forms.

The expressed aim of the reform-
ers is to democratize the church, and
among the changes proposed are the
limitation of the authority of the
bishops in making appointments, the
confinement of their functions to ex-
ecutive duties only and the limita-
tion of their terms of office. At pre-
sent their authority is absolute in
matters of appointment, they are ap-
pointed for life and have practically
all the general administrative reins
in their hands.

The reformers want the General
Conference, which meets every four
years, to take over all legislative
and judicial functions. They desire
the enlargement of the powers of the
laity by increasing their number in
the annual conferences and by giv-
ing them representation in the bis-
hop's cabinet, now composed of the
presiding elders of the conference.
They would also do away with the
unit rule and the secret sessions of
the bishops.

All these proposed reforms are set
forth in an "address" to the clergy
and laity of the church, signed by
187 laymen from the different an-
nual conferences.

The first fight over the proposition
will take place at the Virginia An-
nual Conference, which meets at
Petersburg, Va., on November 14.
The matter will be presented to other
annual conferences as they meet, in
an effort to get their endorsement
for the General Conference at At-
lanta, Ga., next May, as that body
alone has the authority to make the
changes.

It is believed by some that the sug-
gested reforms would bring the
Southern Methodist Church into
closer touch, if not ultimately into
union, with the Methodist Episcopal
Church, as that body left the parent
Methodist Episcopal Church be-
cause of the absolute authority of
the bishops. But it would possibly
widen the breach between the South-
ern and the Northern Methodist Epis-
copal churches, the union of which,
some think is imminent. The com-
missions on unification of the two
churches will meet in Savannah, Ga.,
in January for a third conference on
that problem.

MENU OF SOLDIERS

Bill of Fare of Troops Reads Like
That of a Real Banquet in Their
Honor.

Here's the kind of meals the
"Sammies" will get in the canton-
ment. These meals will vary from
day to day:

Breakfast—Cornflakes and milk,
plain omelet, creamed potatoes,
bread, coffee.

Dinner—Soup, beefsteak and onion,
mashed potatoes, cream peas, bread
and butter, sliced tomatoes, tapioca
pudding, coffee.

Supper—Beef stew (made of beef,
onions, carrots, turnips, cabbage, and
potatoes), baked potato, lettuce sal-
ads, rolls, apple pie, iced tea.

Uncle Sam admittedly supplies his
armies with the finest rations in the
world. He gives them not only more
food, but also greater variety. Meat
is the biggest and most costly por-
tion, but care is taken that there
shall be plenty of good bread or
rolls, a variety of vegetables, hot
drinks and something for the sweet
tooth. When the soldier does not get
beef he gets mutton or bacon or
corned beef or fish. Beans, rice,
onions and tomatoes are staple.

Headaches

due to stomach, liver or kidney—are per-
manently relieved by Shivar Mineral Water.
Positively guaranteed by money-back offer.
Tastes fine; costs a trifle. Delivered any-
where by our Alexandria Distributors, F. S.
Harper, Inc. Phone them.

113 NORTH ROYAL

GROCERIES

NEW ORLEANS AND PORTO RICO

MOLASSES, SALT FISH OF ALL

KINDS. NEW GOLD MEDAL

BUCKWEAT FLOUR, GLUTEN

FLOUR, AND GRAHAM FLOUR

JUST RECEIVED.

Prunes, dried fruits and jam are
also supplied. Fresh fruits are used
when not to high.

Savory soups of various kinds are
on the menu. Potatoes are served
fried, mashed, baked, creamed or
lyonnaise. Beefsteak, roast beef, beef
loaf and hamburger are supplied
just as frequently as in your home.

Items on the dessert list are plum
pudding, rice pudding, Brown Betty,
tapioca pudding, plain cake, currant
buns, apple rolls, lemon, peach, pump-
kin and blackberry pies. According
to the season coffee, tea and cocoa
are supplied.

There is no hit or miss system.
Each mess sergeant for each com-
pany has to calculate exactly what
weight of food he will need for each
meal. The weight of each kind of
food for each soldier is specified. The
company officers not only have to
inspect and O. K. the menus, but
they must see to it that each man
gets the quantity of food Uncle
Sam wants him to have to keep up
his health and strength.

VIRGINIA NEWS

Paul and Dave Neff and "Boots"
Fry, members of the gang who de-
fied the officers at Walkers Chapel
six weeks ago, and who were recently
captured at Ottawa, Ohio, were given
a preliminary hearing yesterday at
Woodstock in the Justices Court yes-
terday and were held for the grand
jury.

John R. McCabe, of Leesburg, was
given \$2,000 Monday night at Fred-
erick, Md., in a damage suit for \$10,-
000 against the Baltimore and Ohio
Railroad for the death of his 17 year
old son, John R. McCabe, Jr. The
suit was the result of an accident at
the Point of Rocks crossing Sep-
tember 11, 1916, in which young Mc-
Cabe was killed and William L. New-
ton, also of Leesburg, was injured.
They were going home when their
automobile was struck by an express
train. The plaintiffs alleged that
the engineer sounded no warning and
the defendant contended that the
young men contributed to the acci-
dent through carelessness. Newton
also sued the railroad for \$10,000 for
injuries and \$1,500 for the loss of the
auto. The latter cases have been
postponed until the December term.
The automobile belonged to Arthur
Chichester, of Leesburg.

Accused of attempting to steal an
automobile belonging to the American
Can Company while it was standing
in front of the Maryland Trust
Building, in Baltimore, Thomas Ut-
ter, 21 years old, of Camp Lee, Va.,
was arrested and committed to jail
for the action of the grand jury.

Governor Stuart yesterday granted
a further respite to Aubrey Barrett,
the Charlotte county boy now await-
ing execution for complicity in the
murder of W. T. Roach. This is the
second respite granted, the first being
from August 31 to September 28,
and the last extends his lease on life
to November 23. This is the case out
of which grows the contempt charges
made against Dr. Douglas S. Free-
man and others led by Judge George
J. Hundley, who passed sentence on
the boy. The boy had no counsel
when arraigned before the court.

Secret service men, connected with
the Richmond police department are
scouring the city in their search for
the man who shortly after 10 o'clock
Monday night seized a young woman
near Third and Grace streets and
dragged her into an alley. This was
the second attack of the kind in the
last week or ten days, and in view
of a situation which social workers
fear may develop, the police are bend-
ing every effort to hunt down the as-
sailant.

PUBLIC SALE OF VALUABLE REAL ESTATE.

In the City of Alexandria, Va.

I will sell at public auction to the
highest bidder, for cash, at 12 o'clock
M., on the 29th day of September
1917, in front of the Market Build-
ing on north Royal street, the fol-
lowing described real estate, known
as 611 south Fairfax street, the same
being conveyed by T. H. Oakshott,

MAKE "HUSH-BOATS"

English Naval Designers Invent New
Patel for German Submarine.

Not until Germany has been floor-
ed for the ten-count will the world
have a peep at the mysterious odd-
shaped fighters that are beating the
submarine today. In England they
are referred to vaguely as "mys-
tery ships" and "hush-boats." Im-
aginative people give them fantastic
shapes and endow them with powers
beyond the dreams of the greatest
naval designers. So perhaps the land-
faring folk will be disappointed when
it's all over and the hush boats come
out of the haze to be looked at by
curious visitors. Privileged visitors
to the great naval bases are extreme-
ly reticent about the hush boats. For
weeks the newspapers have been
hinting about a thing they know but
have crossed their hearts not to tell
a thing about the new and mysteri-
ous sea-rowdies which despise naval
foot-work, but prefer to rush in
headlong and scrap it out with the U-
boat till one or the other goes down.
The mystery-ship ranks with the
tank as a feat of invention and con-
struction according to the jealous
guardians of the secret. King George
inspected two new types of vessels
in his June visit to the grand fleet.
They were in a class of their own
and the class was never mentioned to
the public. Sea monsters, mystery
ships, hush boats—they account for
some of the high honors recently
conferred on naval officers.

DISLOYAL PRESS.

Postmaster-General to Exercise New
Powers in Drastic Fashion.

Washington, Sept. 26.—With the
approval by the House yesterday of
the conference report on the trading
with the enemy bill, Postmaster Gen-
eral Burleson let it be known yester-
day afternoon that he has every in-
tention of administering in drastic
fashion the control which the bill
vests in the Government over disloyal
and seditious newspapers and other
publications.

The measure has already been finally
approved by the Senate, and will
now go to the President for his sig-
nature. It not only permits the Post-
office Department to exercise larger
powers in denying the use of the
mails to seditious publications, but re-
quires foreign language newspapers
to submit to their local postmasters
English translations of all matter they
print relating to the conduct of the
war or the foreign policies of the
Government in respect to the war.

These translations are required to
be forwarded by the local postmasters
to the Postmaster General in Wash-
ington, who will promptly shut down
the mails on any paper printing im-
proper matter. Severe penalties are
provided in cases where false or in-
complete translations are found to
have been submitted.

CONGRESSIONAL TRIP IS OFF

No Delegation to Europe at the
Present Time.

Washington, Sept. 26.—At a con-
ference yesterday between Presi-
dent Wilson and members of the
Senate Foreign Relations and House
Foreign Affairs Committees it was
decided that no official delegation
from Congress will be sent to Eu-
rope for the present at least. No ac-
tion will be taken before Congress
adjourns, leaving the invitations for
the future.

POPE RECEIVED BY REPLY

Officials Point to Fact That U. S. Stands for Definite Terms.

Amsterdam, Sept. 26.—A dispatch from Berlin late last night says a report is being circulated there to the effect that Pope Benedict will shortly suggest King Alfonso as peace arbitrator to all the belligerent powers.

Washington, Sept. 26.—The assertion that Pope Benedict himself was grossly deceived by the German reply to his peace appeal was made in diplomatic circles here yesterday. This deceit was alluded to in official circles as ample reason why the United States must stick out for more definite assurances of the genuineness of German peace offers than are contained in the German assertions that the reply to the Pope was framed in consultation with a committee of the Reichstag and Bundesrath.

The Reichstag, it was pointed out, is not now in session. The United States, until the Reichstag does meet, has no means of gauging just how closely the peace note conformed to real German opinion. Once the Reichstag is again gathered there can be free expression of the sentiment of the German liberal leaders.

But President Wilson gave evidence yesterday that he had no intention of tying up the United States with any selfish demands the entente may choose to advance now or at a later moment. Upon his suggestion to the Foreign Affairs Committees of the Senate and Congress relinquished a desire it had apparently cherished to send a delegation to the inter allied parliamentary conference soon to be held abroad.

NOTE TO POPE BY BAVARIA

King Ludwig's Reply is More Detailed Than Germany's.

Berlin, Sept. 26.—The Bavarian government has made an individual reply to the peace proposals of Pope Benedict, according to a special dispatch from Munich to the Zeitung am Mittag.

It is taken for granted that the German imperial government is fully conversant with the contents of the reply made by King Ludwig.

The procedure which has resulted in the sending of two replies to the Pope from Germany is explained on

the ground of international and diplomatic law. As the German papal delegate is accredited to Bavaria, the Pope's note was delivered to King Ludwig, whose reply is said to have reached the Pope. Its publication is expected shortly.

It is stated the two replies concur in material aspects, but that it is understood the Bavarian answer goes into details on certain points.

ASSAULTS BREAK DOWN

Crown Prince Suffers Another Set Back at Verdun; Serious Breaking Before French Artillery.

London, Sept. 26.—Prolific use of flame-throwers in violent counter thrusts on the Verdun front failed to help the troops of the crown prince to success, the Paris war office reports. Everywhere the German assaults broke down before the French artillery and infantry fire. French flyers yesterday shot down three German airplanes.

Sir Douglas Haig reports only raids and the repulse of a German "rush" at Lens. German gunfire displayed strong activity on the Ypres front.

French flyers, according to the Paris night communique, dropped 10,000 kilos of projectiles yesterday and last night on railway stations at Cambrai, Luxembourg, Longuyon and Brielle.

Fifteen persons were killed and seventy injured in last night's air raid over the city.

WEEK'S CASUALTIES 23,035

British Losses Less Than Week Before Despite Drive.

London, Sept. 26.—Total casualties of British ranks in all the war theatres for the week ending yesterday are reported officially to have been 23,035. The casualty lists are sub-divided as follows: Officers killed or died of wounds, 103; men killed or died of wounds, 4,430; officers wounded or missing, 432; men wounded or missing, 18,070.

For the week ending September 18 British army casualties amounted to 27,164. The report for the present week includes the operations in Flanders last Thursday, when the British made a considerable advance, while in the previous week there was no marked infantry activity on any British front.

LESS CHANCE FOR SLACKERS.

U. S. and Canada Negotiating To Prevent Dodging Across Border.

Ottawa, Sept. 26.—The Governments of Canada and the United States are negotiating an agreement to prevent men of either country from avoiding compulsory military service by residing on the other side of the line, it was learned here yesterday. The Allied nations in Europe recently adopted a similar plan. The majority of Americans of military age in Canada, it is said here, have already reported to their consulates for military duty. Cooperation between the countries is designed to meet the case of the few on either side of the line who may attempt to take advantage of their residence.

ARGENTINA VOTES WAR.

House Backs Senate in Severance of Relations With Germany—Citizens Stands Prepared to Fight Germans.

Buenos Aires, Sept. 26.—The house of representatives has voted in support of the senate decision calling for a diplomatic break with Germany. The president of the republic, Senor Irigoyen, in whose hands now rests

the final decision, is faced by a nation solidly united for vengeance upon the empire that besmirched its honor.

The people of this republic are clamoring not only for a break, but for war. The man in the presidential chair, constitutionally a pacifist, is still holding to this announced theory that war should be avoided.

A small group of politicians support him. In some quarters where recent American history has been closely followed, they are referred to as "the wilful." Their influence is equal to nil. The voice of the Argentine people was spoken in both branches of parliament, the votes on the rupture resolution being: Senate 22 to 1, House 63 to 18.

Nowhere is the slightest doubt entertained that the public demand will force prompt submission by the President. Even if war does not follow immediately upon a break, tremendous supplies will be released at once for the allies.

NEWS OF THE DAY

Plans are now in preparation at the War Department, according to information obtained yesterday, to have a large proportion of the drafted men now entering training camps in France by early spring. It is proposed to give the men the rudiments of military knowledge and then to transport them to the American base in France, where they will be put through a course of intensive training. The second draft call will be made much sooner than has generally been believed.

Advices received in Washington from Italy yesterday state that the German and Austrian governments changed the original drafts of their replies to the Pope's peace proposals, following receipt of confidential reports from German agents purporting to describe conditions in Russia, France and Italy as "very bad."

Despite the demand of the Minister of Marine to set them free, the expelled Russian monarchists, caught

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep, I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent or I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. I did wonder for some time.

Try Cardui for your troubles—made from medicinal ingredients recommended by medical books as being of benefit in many troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

NC-134

AUCTION SALE OF IMPROVED REAL ESTATE IN THE CITY OF ALEXANDRIA, VA.

By virtue of a deed of trust dated the sixth day of December, 1916, and recorded in Liber 65, folio 576 of the land records of Alexandria City to the undersigned trustees, default having been made in payment of one of the notes secured by said deed of trust, the undersigned trustees, at the request of the holder of said note, will offer for sale at public auction, in front of the Royal street entrance to the market building in the city of Alexandria, on SATURDAY, the 6th day of October, 1917, at twelve o'clock noon, the following property, to-wit:

All those two lots of ground in the City of Alexandria, Virginia, with the improvements thereon, described as follows:

First: Beginning at a point on the East side of Patrick Street, 208 feet, 3 1-2 inches south of Duke Street, running thence south on Patrick Street 15 feet, 1 1-4 inches; thence east parallel with Duke Street 123 feet, 5 inches to an alley; thence north parallel with Patrick Street 15 feet 1 1-4 inches; thence west parallel with Duke Street 123 feet, 5 inches to the beginning, being known as 320 south Patrick Street.

Second: Beginning on the east side of Patrick Street 223 feet, 4 3-4 inches South of Duke Street, and running thence south on Patrick Street 14 feet, 10 inches; thence east parallel with Duke Street 123 feet, 5 inches to an alley; and thence north parallel with Patrick Street 15 feet, 10 inches; thence west parallel with Duke Street 123 feet, 5 inches to the beginning; being known as 322 south Patrick Street.

Terms of sale, cash, conveying at the cost of purchaser.

HOWARD W. SMITH,
Trustees.

in the recent upheaval, remain incarcerated in the Finnish fortress of Sveaborg.

Formal demand for the removal of Robert M. La Follette from the United States Senate is made in resolutions adopted last night by the Minnesota public safety commission after an all day discussion of his disloyal speech last Thursday before the National Partisan League conference at the St. Paul Auditorium. The conduct of La Follette and other Senators was referred to the Federal Department of Justice, with a request that they be vigorously prosecuted. A letter was received yesterday in St. Paul, Minn., from the Senator's son to a college chum, in which young La Follette says he will join the colors.

As "fully justifiable reprisals" for the alleged ill-treatment by non-combatants in German East Africa, Dr. Carl Peters, a German scientist, makes the suggestion, which the Hamburger Nachrichten prints prominently, to this effect: "That double the number of Belgian men, women and children of superior social standing be conscripted to march in winter time, inadequately clad in fed prison fare, from ten to fifteen times between Constanza on the Black Sea, and Riga, on the Baltic coast."

Aroused by the repeated baseless rumors scattered broadcast that merchant vessels and others have been sunk by submarines, the Navy Department, yesterday took occasion to issue an official denial, particularly in the case of a story circulated last Saturday that five merchant vessels and two convoys had been lost in an engagement. On that day Admiral Benson, chief of operations, made it plain that the department had not received any such advices that would indicate any such disaster.

Two men were killed early yesterday in Richmond, Cal., in an explosion which tore out the forward works and superstructure of the Standard Oil tanker J. A. Moffett, as she lay at her pier. The explosion was probably caused by ignition of gas while the men were cleaning the hold. More than sixty thousand gallons of oil which had been pumped aboard escaped destruction. The town of Richmond was shaken by the explosion as by an earthquake.

A strike at 10 o'clock Saturday morning of 12,000 members of the 15 metal trades unions employed in Seattle shipyards and allied contract shops was ordered yesterday by the Seattle Metal Trades Council, the central organization of the 15 unions. The strike call, it was said, is the result of the insistent demand of the rank and file of the shipyard workers for a "show down" on the long pending wage increase controversy. As near as can be estimated, three big steel shipyards, about 15 wooden shipyards and 40 contract shops will be affected by the strike.

A published list from the German side of the names of vessels sunk by submarines gives reason to believe that Norwegian vessels have been the victims of the "sink without a trace" policy, made notorious by Von Luxburg. The latest list published at Hamburg contains the names of two of seven Norwegian live steamers, which failed to return from their August cruise in the arctic, and were supposed to have been lost with all hands in storms.

After an all day debate the senate

yesterday was a court of impeachment rendered formal judgment against James E. Ferguson by adopting the majority report of the committee on civil jurisprudence by a vote of 17 ayes, 9 nays, 2 pairs and one present and not voting, removing him from the office of governor of Texas and disqualifying him from ever holding a State office of honor, trust or profit. It is contended by Ferguson's friends that this judgment does not prohibit him from holding the office of United States Senator and it is stated that he will be a candidate against Senator Sheppard for that office.

Jamaica suffered heavy property damage in a hurricane which swept the island Sunday and is now sweeping the Gulf of Mexico. Dispatches from the American consul at Port Antonio, received yesterday, said the hurricane was the most terrific since that of 1903, and that the fruit crop of the Port Antonio district was de-
